

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

Woman's Home Companion.

The October Woman's Home Companion is filled with interesting stories and articles as well as the usual departments. A new serial by an anonymous author, "The Drought of the Morning," begins: Margaret Deland's "The Rising Tide" concludes and there are three other good short stories about a dog and two different kinds of women.

Arnold Bennett, the distinguished English novelist, contributes an essay about "Living With Your Wife."

The October number of the American Magazine is of special interest, and if the reading class want something that will do it good, a copy should be ordered. It is full of live, choice matter, contributed by the best of writers. Address the American Magazine, 381 Fourth Ave., New York.

The copies of the latest edition of the Common School Laws are in my office now. Trustees will please call and get them at their earliest convenience. Tobias Huffaker, Supt.
